## *Is This Summer's Last Gasp?*

This is supposed to be the week for the first killing frost. If you look at gardening books or seed packets, they say that our first serious cold snap should be on October 15th--*this weekend*. That's when the tomatoes and beans and squash and other summer produce should freeze and die for the year.

But we got a reprieve. There's cold weather ahead, but not this weekend. So, you have one more chance to come to the market and enjoy garden-fresh summer produce AND the best of fall produce. *It feels a little like cheating.*

But, we never know how long this good fortune is going to last.

From the summer fields, we still have beautiful tomatoes, a fabulous assortment of salad greens, heads of lettuce, spinach, kale, "dragon tongue" beans, green beans, zucchini and summer squash, cucumbers and eggplant. We may even have the last of the sweet corn and a handful of sugar cube melons.

Then there are the fall veggies--cauliflower, Brussels sprouts, potatoes, onions, Swiss chard, sweet potatoes, apple cider and several varieties of apples, a big variety of hard winter squash, gourds, pumpkins for Halloween and for pies, and chrysanthemums for your flower gardens.

Don't forget to visit our food artisans who produce Asian and Italian food, pastured meat and poultry, hummus, pies, pastries, cookies, breads, other baked treats, goat's milk soaps and lotions, olive oil, marinades, sauces, spices, pickles, and honey.

Looks like another sunny Saturday morning. Come enjoy a little summer with your autumn. We hope to see you at the Market.

PS: Crackling Crust has a new treat this week--apple brioche coffee cake--along with sourdough bread!

## ***Winter Market Vendors***

The roster is filling up for our first Winter Market. We will have growers offering late-season produce, pastured meat and poultry, bakers, ready-to-eat food, artisans selling hand-made items that are perfect for holiday gifts, and more.

The Winter Market will be hosted by Montgomery Presbyterian Church, located at [9994 Zig Zag Rd](#), which is about a 5-minute drive from our current home at Montgomery Elementary.

The Winter Market will run from **November 4th** until **December 23rd**. But, we will *take off* on the Saturday after Thanksgiving.

**The church is easy to find.** From our current location at the school, you head north on Montgomery Rd. to the first traffic light, at Mitchell Farm Ln. Turn left and go straight until the street ends. (The name changes to Zig Zag Rd.) Turn right and the church is about two or three blocks down.

On Monday, we will walk through the indoor space at the church to see how many vendors we can accommodate. We might use some outdoor space for certain vendors when the weather is good.

Watch here for more information in the next few weeks.

## *MFM Accepts Credit Cards & SNAP/EBT*

MFM now accepts **SNAP** benefits (formerly known as "food stamps"), and **credit cards**. Come to the Market Manager's booth to find out about both.

*We are grateful to the City of Montgomery for their financial support and encouragement with this project. The City continues to be a strong supporter of the Market.*

## *The Peas Are Back*

Let's re-introduce our three peas - Penelope, Piper, and Pru! These silly stuffed peas hide in the market every week. When your child has found all three peas, visit the Market Manager's booth, report where you found them, and Gabi will reward your child with a Farmers' Buck to spend at the Market! (Make sure the peas stay hidden for other kids to find!)

## *Make A Button*

Maybe you have a little artist in the family. Maybe you're the artist. We have stickers with the MFM logo, blank stickers, lots of markers, and a button machine. For a \$1 donation, you can show your talent and support the Market. Stop by near the Manager's Booth and *make a button!*
